## Special Products

### Hanging Baskets & Decorative Bowls

Individually created and growing in my special soil blend for good health and easy maintenance.

### Soil

My own blend of soil, Soil Moist, and potting mediums. Perfected for Oklahoma heat.

### Soil Moist

Granules retain soil moisture. You'll love the decreased waterings and happier plants.

### Diatomaceous Earth

An organic material that will help keep bugs away from your squash and cucumber crops.

### High Yield Grass Killer

Kills weeds while leaving your crops and flowers to grow to their fullest. Saves hand weeding!
